Windar Photonics plc – QCA Code

As Chairman of the Board of Directors of Windar Photonics plc ("Windar Photonics", "the Company" or "the Group" as the context requires), it is my responsibility to ensure that the Company has both sound corporate governance and an effective Board.

As Chairman, my responsibilities include leading the Board effectively, overseeing the Company's corporate governance model, communicating with shareholders, and ensuring that good information flows freely between the Executive Directors and the Non-Executive Directors in a timely and efficient manner.

In line with the AIM Rules, which require all AIM-listed companies to adopt and comply with a corporate governance code, the Board of Windar Photonics plc have adopted the Quoted Companies Alliance Corporate Governance Code (the "QCA Code").

The QCA Code states that "the purpose of good corporate governance is to ensure that the company is managed in an efficient, effective and entrepreneurial manner for the benefit of all shareholders over the longer term."

It is the Board's responsibility to ensure that Windar Photonics plc is managed in the long-term interests of all shareholders and stakeholders in the business.

The Board believes a strong and effective corporate governance culture is critical in this respect as we endeavor to grow a resilient and sustainable business for the benefit of our shareholders, customers, people and suppliers.

The Board considers that the Group complies with the QCA Code so far as it is practicable having regard to the size, nature and current stage of development of the Company, and will disclose any areas of material non-compliance.

The QCA code is constructed around 10 broad principles and the report below sets out how we comply with the code at this time. Compliance with the code will be reviewed and updated annually.

Johan Blach Petersen

Executive Chairman

Windar Photonics plc – QCA Code

QCA Code Principle	What we do and why
1. Establish a strategy and business model which promote long- term value for shareholders The board must be able to express a shared view of the company's purpose, business model and strategy. It should go beyond the simple description of products and corporate structures and set out how the company intends to deliver shareholder value in the medium to long-term. It should demonstrate that the delivery of long-term growth is underpinned by a clear set of values aimed at protecting the company from unnecessary risk and securing its long-term future.	 Windar Photonics' primary vision is to be, and remain, the leading global supplier of nacelle LiDAR equipment for both the wind turbine OEM and retrofit markets. Windar's core strategy for achieving the vision is focused on the following core components: Competitiveness Innovative technology Cost-effective operation of the company Power enhancement and cost reduction for the end user. The OEM market is serviced directly by Windar Photonics, whereas the retrofit market is serviced through an external global dealership that provides Windar Photonics products to local Independent Power Producers (IPPs) and wind farm operators. The company's strategy and key challenges are detailed on pp. 4-5 and pp. 15-19 of the <i>Report of the Directors and Consolidated Financial Statements</i> (For the year ended 31 December 2021).
2. Seek to understand and meet shareholder needs and expectations	The Board is committed to clearly navigating the company towards substantial growth and to ensure that the shareholder's expectations are met in this regard.
Directors must develop a good understanding of the needs and expectations of all elements of the company's shareholder base. The board must manage shareholders' expectations and should seek to understand the motivations behind shareholder	Windar Photonics encourages two-way communication with both its institutional and private investors. Windar Photonics endeavors to respond swiftly to all queries received from its investors. The company's CEO is regularly in contact with the Group's institutional and retail shareholders and ensures that their views and concerns are communicated clearly to the Board. The Company also seeks to manage shareholder expectations through its regulatory disclosures.
voting decisions.	The Board recognises the AGM as an important opportunity to meet private shareholders, and the Directors are available to listen to the views expressed by the company's shareholders in an informal context immediately following the AGM.
	The AGM invariably includes a presentation by the Managing Director and others on developments which have occurred since the Annual Report went to press.
	Where voting decisions are not in line with the company's expectations, the Board will engage with those shareholders to

The Company formally reviews and documents the principal risks to the business at least annually. Likewise, the executive directors have agreed to act with risk- prevention in mind during the daily operation of the company. The board is responsible for evaluating potential risks and meets regularly to identify and review risks in relation to the ongoing trading, and the company's budgets and forecasts. Likewise, the Board considers risk to the business at every board meeting, and both current and future potential risks are registered and assessed during each meeting.

The board should be supported by committees (e.g. audit, remuneration, nomination) that have the necessary skills and knowledge to discharge their duties and responsibilities effectively. Directors must commit the time necessary to fulfill their roles.	All Directors receive regular and timely information concerning the Group's operational and financial performance. Relevant information is circulated to the Directors in advance of meetings. In addition, minutes of the meetings are circulated to the Company's Board of Directors. The Board has a formal schedule of matters reserved to it and is supported by the Audit, Remuneration and Nomination Committee. The Schedule of Matters Reserved and Committee Terms of Reference are available on the Company's website and can be accessed on the "Corporate governance" page of the website. The Board meets at least six times per annum. The Audit Committee will meet at least twice a year, The Nomination Committee will meet at least once a year and otherwise as required and finally the Remuneration Committee meets at least once a year.

For new appointments, the search for candidates is conducted and appointments made on merit against objective criteria and with due regard for the benefits of diversity on the board. Any senior management appointments are also required to be approved by the Nomination Committee.
8. Promote a corporate culture that is based on ethical values and behaviours	Windar Photonics is a fairly small and young company, and the corporate ethical values have not yet been formally described. A description of the ethical values that underpin the company will be formulated and made public during 2022.

Furthermore, the company has provided training and information concerning anti- bribery and work-place safety to its employees. The company is also committed to providing a safe and secure environment for its employees, with its policies and procedures enshrined in its health and safety guidance to employees.
 9. Maintain governance structures and processes that are fit for purpose and support good decision- making by the board The company should maintain governance structures and processes in line with its corporate culture and appropriate to its: size and complexity; and capacity, appetite and tolerance for risk. The governance structures should evolve over time in parallel with its objectives, strategy and business model to reflect the development of the company. 	The company's governance structure is described in detail in the Report of the Directors and Consolidated Financial Statements (for the year ended 31 December, 2021) in the section Corporate Governance Statement on pp. 15-19. It is also included under the biographies of the directors and committees of the Board on our website. A description of the matters of the board, titled "25 Board reserved matters", is made public on the website, and is available on the page "Corporate governance".
10. Communicate how the company is governed and is performing by maintaining a dialogue with shareholders and other relevant stakeholders.	Windar Photonics encourages two- way communication with both its institutional and private investors. Likewise, Windar Photonics endeavors to respond swiftly to all queries received from its investors. The company's CEO is regularly in contact with the Group's main shareholders and ensures that their views and concerns are communicated clearly to the Board.
